Deb and Shaun will be briefing the Administrator next Friday. The AAs for OITA, OW, OAR, OP and several other AAs are also invited to this briefing. Here was Deb's suggestion on the briefing paper and prepping her and Shaun for the call:

Ex. 5 Deliberative Process (DP)

Sarah – my thought is to get your hands on the that 5/15 briefing document, coupled with the one that was put together for Shaun a couple of weeks ago and develop the document from there. As you're adding this info in you may identify areas where you can pull out some of the details for the talking points if the paper is getting too in the weeds. We need to have a version we are comfortable with through me and the appropriate level in ORC (let us know what that is) by COB on Monday, so we can get it to Ian and Deb for review and comment Tuesday.

Give me a holler on Monday with questions.

Thanks

Thanks, Darcy. Any sense for when the briefing paper will be due? That would be helpful as well.

Douglas/Valois- I can take the lead on the briefing paper so you can continue to focus on finalizing the various other docs and keep those moving.

Wanted you to see this. I have a meeting with Deb on this late this afternoon to get a better understanding on what's going on. We will need a briefing paper for the administrator – I'll see what I can find as an example.

Sorry folks, I'll keep you posted as I learn more.

Thanks .. heads up to check in with shaun – adm's office, through matt fritz, has asked for a briefing for her – so we need to make sure our comms plans don't get ahead of that – and that timing may be beyond the 18th ..thanks ng
